Download Comparative Government Politics Introduction Hague:

Comparative Government and Politics John McCormick, Rod Hague, Martin Harrop, 2019-02-08 This revised and updated edition of a core textbook one of the most well established texts in the field of comparative politics offers a comprehensive introduction to the comparison of governments and political systems helping students to understand not just the institutions and political cultures of their own countries but also those of a wide range of democracies and authoritarian regimes from around the world The book opens with an overview of key theories and methods for studying comparative politics and moves on to a study of major institutions and themes such as the state constitutions and courts elections voters interest groups and political economy In addition two common threads run throughout the chapters in this edition the reversal of democracy and declining trust in government ensuring that the book fully accounts for the rapid developments in politics that have taken place across the world in recent times Written by a team of experienced textbook authors and featuring a range of engaging learning features this book is an essential text for undergraduate and postgraduate courses on comparative politics comparative government introduction to politics and introduction to political science New to this Edition New and extended coverage of important topics such as authoritarian states identities ethnicity and political violence A brand new chapter on political economy An engaging new page design in full colour for the first time An enhanced companion website now providing an extensive testbank of questions for lecturers Publishing alongside John McCormick's new book on Cases in Comparative Government and Politics October 2019 which offers more detailed coverage of the cases covered in this text

Comparative Government and Politics John McCormick, Martin Harrop, Rod Hague, 2022-04-06 Offering a comprehensive introduction to the comparison of governments and political systems this new edition helps students to understand not just the institutions and political cultures of their own countries but also those of a wide range of democracies and authoritarian regimes from around the world This new edition offers A revised structure to aid navigation and understanding New learning features Using Theory and Exploring Problems designed to help students think comparatively Empirical global examples with increased coverage of non Western scholarship and analyses Coverage of important contemporary topics including minorities LGBTQ issues identity politics women in politics political trust populism Covid 19 Featuring a wide range of engaging learning features this book is an essential text for undergraduate and postgraduate courses on Comparative Politics Comparative Government Introduction to Politics and Introduction to Political Science *Government and Politics in Taiwan* Dafydd Fell, 2018-01-22 Written by an experienced teacher and scholar this new and revised second edition of *Government and Politics in Taiwan* introduces students to the big questions concerning change and continuity in Taiwanese politics and governance Taking a critical approach Dafydd Fell provides students with the essential background to the history and development of the political system as well as an explanation of the key structures processes and institutions that have shaped Taiwan over the last few decades Using key features such as suggestions for further reading and end of chapter study

questions this textbook covers the transition to democracy and party politics cross Strait relations and foreign policy electoral politics and voting social movements national identity gender politics Having been fully updated to take stock of the 2012 and 2016 General Elections the Sunflower Movement and new developments in cross Strait relations this is an essential text for any course on Taiwanese politics Chinese politics and East Asian politics

Mindfulness in the Workplace Margaret A. Chapman-Clarke, 2016-05-03 Mindfulness based interventions in organizations offer the potential to build individual and organizational resilience engage employees and address workplace stress Mindfulness in the Workplace is a practical guide written for practitioners who want to learn how mindfulness can be used as a change management and organizational development strategy Drawing from the latest research evidence from neuro and behavioural science Mindfulness in the Workplace offers a framework and guidance on how to start evolution not revolution in the organization It ensures the greatest chance of success showing how to identify the key stakeholders and work with them on understanding the power of a mindfulness initiative how to identify a mindfulness champion adapt the language of mindfulness to the context of the organization establish metrics and measure return on investment Mindfulness in the Workplace proposes that HR and OD professionals are best placed to understand the complexity of implementing change in organizational systems and therefore the practice of mindfulness need to be brought in house even if they bring in external mindfulness coaches to train their leaders Case studies including Capital One Finance and the NHS Mental Health Trust cover the reasoning behind these initiatives how they were planned the barriers they faced the lessons learned and their results This book offers a forum for HR and OD practitioners to hear from other practitioners who have implemented organizational mindfulness based interventions using change management principles so that they can understand how they might be applied to their own practice and their own organizations

Along the Routes to Power Martin Pütz, Joshua A. Fishman, JoAnne Neff-van Aertselaer, 2006 This volume grew out of the 30th International LAUD Symposium held in 2004 at the University of Koblenz Landau Germany It constitutes a collection of papers by prominent linguists who explore the interdisciplinary area of language and power The papers focus on the theoretical and sociolinguistic problems related to the role of power in language policy and language planning situations in multilingual settings code switches and associated topics The fate of African minority languages and their speakers is of particular concern

Public Policy, 2017 [Saving the International Justice Regime](#) Courtney Hillebrecht, 2021-09-30 While resistance to international courts is not new what is new or at least newly conceptualized is the politics of backlash against these institutions Saving the International Justice Regime Beyond Backlash against International Courts is at the forefront of this new conceptualization of backlash politics It brings together theories concepts and methods from the fields of international law international relations human rights and political science and case studies from around the globe to pose and answer three questions related to backlash against international courts What is backlash and what forms does it take Why do states and elites engage in backlash against international human rights and

criminal courts What can stakeholders and supporters of international justice do to meet these contemporary challenges

Varieties of Capital Cities David Kaufmann,2018-08-31 The political and symbolic centrality of capital cities has been challenged by increasing economic globalization This is especially true of secondary capital cities capital cities which while being the seat of national political power are not the primary economic city of their nation state David Kaufmann examines the unique challenges that these cities face entering globalised inter urban competition while not possessing a competitive political economy

Sustainable Development Susan Baker,2015-08-31 The current focus on sustainable development opens up debates surrounding our relationship with the natural world about what constitutes social progress and about the character of development both in the Global North and the Global South The promotion of sustainable futures is taking on a new urgency in the context of climate change and biodiversity loss This concise and accessible text explores how the international community is responding to the challenge of sustainable development It also investigates the prospect for and barriers to the promotion of sustainable development in high consumption societies of the industrialised world from the USA and the EU to the economies of transition in Eastern and Southern Asia In *Sustainable Development* Baker considers the global impact of China s industrial boom as well as how Chinese investments are shaping the prospects for sustainable development on the African continent This global coverage is balanced by investigating how local action ranging from the transition towns movement in the UK to the Green Belt movement in Kenya can contribute to the pursuit of sustainable development The second edition has been extensively revised and updated and benefits from the addition of three new chapters sustainable development in China the governance of sustainable development and sustainable production and consumption Climate change and biodiversity management have also been expanded into full chapters Providing an up to date and comprehensive treatment of the issues surrounding the promotion of sustainable development this unique internationally focused book combines a strong conceptual analysis with wide ranging empirical focus and a wealth of case material Including summary points and suggestions for further reading as well as web resources and an extensive bibliography it is ideal for students scholars and researchers in the fields of environmental sciences politics geography sociology and development studies

NATO als ein potentieller Katalysator der institutionellen Konvergenz - der Fall Ukraine Inna Melnykovska,2009

Modern Forms of Government Michael Stewart,2024-06-26 Originally published in 1958 and written by a serving M P this book discusses the nature and purpose of political activity in the Government of Britain the Commonwealth and the former British Empire As politics is closely connected with history and economics the book makes reference to these subject areas but in a way that is only necessary to give a lucid introduction to the political problems of the 20th Century The book was written in such a way as to be particularly useful for the introductory study of government and politics

Yearbook of International Organizations 2014-2015 (Volume 4) Union Of International Associations,Union of International Associations,2014-09-17 The Yearbook of International Organizations provides the most

extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Providing both an international organizations and research bibliography Volume 4 cites over 46 000 publications and information resources supplied by international organizations and provides nearly 18 000 research citations under 40 subject headings This volume also includes a research bibliography on international organizations and transnational associations
