**Amazon Navigator** Steven Hopkins, 2021 Whether you've been online for a while or you're just getting started with a new business venture you've undoubtedly heard the adage Content is King It's true Everything you do online to build your business revolves around providing valuable content to your customers Content is what Internet users log on for whether they head straight for their favorite search engine or log into YouTube to see the latest viral video In this report we're going to talk about using the Internet's largest retailer to earn cash build a following and grow your business into a profitable and sustainable money making venture you'll be thrilled to call your own But first let's talk about what constitutes content When you think of content you probably think of blog posts articles and eBooks All those things are content to be sure but there's more to it than that There's also podcasts interviews software audio books videos music CDs MP3s and the holy grail of content the printed book It's not likely that one business will produce all those kinds of content but you might be using several of them even now with the possibility for a few more The point is don't limit yourself to thinking that content is only typed into a word processor There are many kinds that have many different uses And they can all be produced and distributed through Amazon That's what we're going to learn in this special report We'll cover the reasons why you'd want to partner with Amazon to produce and sell content what makes Amazon the best choice among the self-publishing options and there are dozens what formats are available and what the pros and cons are for each and how partnering with Amazon automatically puts you in partnership with millions of other entrepreneurs You'll have a sales army ready to sell your product all without making a single JV pitch or calculating a single affiliate commission We'll go through all the steps you need to take to get your content ready to sell through the most trusted name in online sales We'll walk through the process step by step to make sure you don't miss any important details that could cause a publishing delay or worse and we'll talk about the pitfalls many marketers run into including what you absolutely must spend money on and where you can save Finally we'll answer the most frequently asked questions about publishing with Amazon and define all those crazy industry specific terms about self-publishing It's hard to make a decision about using a service if you don't understand the language so don't skip that part Are you ready to get published Let's get started

**The World of Self Publishing** When most people think of publishing a book or CD they think in terms of big publishing houses and multi-million dollar advances the likes of which have made J.K. Rowling and Stephen King famous Fiction writers dream of a multi-book deal musicians fantasize about being discovered and signed by a big record label and software developers pound the pavement trying to get Microsoft or Apple to even glance their way Meanwhile information marketers and non-fiction writers are quietly working away publishing books and getting paid No hype no huge advances no book launch parties and no 17-city tours just a quiet little business that earns long-term consistent money Welcome to the world of self-publishing This is a world inhabited by

public speakers indie bands and specialists in every field from psychology to zoology And now it s available to Internet marketers for a fraction of the cost of those old time self publishing models thanks to the power of the Internet and the vast marketing empire of Amazon Years ago before technological advances made it possible to print a single book self publishing required that you spend thousands of dollars having your book professionally typeset buying a minimum run of several hundred or more copies and shipping a truckload of your book to your home where they would most likely end up cluttering your garage for years to come Digital products didn t exist and whether you wanted printed books flyers CDs or video tapes remember those you had to sink a lot of money into creating your product If you didn t have a great marketing plan you were sunk Today advances in technology make it possible to print a single book press a single CD or DVD or even produce high quality information products in electronic formats designed to be read on a computer or eBook reader That means there s no huge upfront investment and no excuse for you the savvy business person you are not to be taking advantage of this fantastic opportunity to get your content out there in front of a whole new market The Power of AmazonOnline business owners are used to being able to reach an Internet savvy audience Their customers know what blogs are and they read them They aren t afraid to buy an eBook or downl
