**Farming with Less Water Guide Book**. Cleta Arun M.D., 2021-04-26. Are you facing drought or water shortages? Gardening with Less Water offers simple, inexpensive, low-tech techniques for watering your garden much more efficiently, using up to 90 percent less water for the same results. A great garden doesn't have to juggle water bills. Here's how to water right down. When you water your garden lavishly, your checkbook isn't thanking you. The drain in your budget is putting a burden on your wallet. Water supplies, especially in the West. Even in the South and the East Coast, water rationing is becoming increasingly common. But watering doesn't have to be a nightmare. It's all a matter of making a little water go a long way. With illustrated step-by-step instructions, Cleta Arun shows you how to install buried clay pots and pipes wicking systems and other porous containers that deliver water directly to a plant's roots with little to no evaporation. These systems are available at hardware stores and garden centers, are easy to set up and use, and work for garden beds, container gardens, and trees. With book guide like this, you never have to worry about water expenses on your farm or garden.
