National Fire Protection Association and the International Association of Fire Chiefs have joined forces to raise the bar for the fire service once again. **Safety Is Fundamentals** The Second Edition features a laser like focus on fire fighter injury prevention including a dedicated chapter on safety. Reducing fire fighter injuries and deaths requires the dedicated efforts of every fire fighter of every fire department and of the entire fire community working together. It is with this goal in mind that we have integrated the 16 Fire Fighter Life Safety Initiatives developed by the National Fallen Fire Fighter Foundation into Chapter 2 Fire Fighter Safety. In most of the chapters actual National Fire Fighter Near Miss Reporting System cases are discussed to drive home important points about safety and the lessons learned from those real life incidents. It is our profound hope that this textbook will contribute to the goal of reducing line of duty deaths by 25 percent in the next 5 years.
