

There wasn't always a class for these "funny looking" cars. In the mid 1960s, many of drag racing's fastest drivers were outgrowing the Super Stock and Factory Experimental classes, building cars that stretched and eventually broke the rules. Promoters discovered they could pair up these altered-wheelbase, injected, blown machines in exhibition match races—and the spectators came running. Rivalries were born, the Funny Car class was created, and the cars kept getting faster and faster.

Funny Car Fier is a humorous, heart-felt, first-hand account of the most exciting and memorable years of the Funny Car class. Steve Reyes followed these fiberglass-bodied, nitro-burning machines and their drivers from the years leading into Funny Car class through its halcyon days. Reyes has included over 400 of his favorite images and more than a few never-before-heard stories to bring the feeling of the class and the era home to you.

Southern California Funny Cars Steve Reyes,2023-06-19 Southern California was the birthplace of organized drag racing with the first organized race held at the Santa Ana airport in 1949 and the subsequent founding of the National Hot Rod Association in 1950 Over the next decade and a half the dragster became the king of the quarter mile on Southern California drag strips In 1964 veteran dragster owner driver Jack Chrisman had an idea for something different to grace Southern California s drag strips It was not a dragster but a stock bodied race car using nitromethane for fuel in a supercharged engine With the help of Gene Mooneyham Mercury s Fran Hernandez and sponsor Helen Sachs Chrisman put together the world s first nitro burning funny car It was a steel stock bodied Mercury Cyclone with a supercharged 427 Ford engine running on pure nitromethane Chrisman started the evolution that soon turned stock steel bodied cars into fiberglass bodied tube chassis funny cars Southern California drag racers began to lead the way for racers all over the United States in the new funny car class

Early Funny Cars Lou Hart,2022-04-15 Blast through the evolving early years of Funny Car drag racing when doorslammers morphed into flip top rail monsters The era features historic mounts from Arnie the Farmer Beswick Al the Flying Dutchman Vanderwoude Jungle Jim Liberman Don the Snake Prudhomme and many more The metamorphosis from doorslammers to fiberglass flip top dragsters wasn t ever a cut and dry plan As drag racers pushed the envelope for more speed a series of innovations quickly evolved and refined the genre Funny Cars cut their teeth in the A Factory Experimental A FX and Experimental Stock X S classes in 1964 with the 2 percent Mopars that looked funny with their axles moved forward However it was Jack Chrisman s supercharged nitro fueled 427 Supercharged Factory Experimental S FX Comet Caliente that trailblazed the class on which the NHRA turned its back and the AHRA fully accepted Showmanship became the draw in the dawn of Funny Car with half track burnouts and flame throwing headers that packed fans five deep at the fence By 1969 the NHRA had no choice but to create a class for these nitro breathing flip top sporting rail bruisers indoctrinating the Funny Car F C class at the Winternationals with 40 cars vying for 16 places in the field The rest as they say is history

Match Race Mayhem Doug Boyce,2017-06-15 Drag racing is a very regulated sport In the history of the NHRA IHRA and other sanctioning bodies many classes existed in an effort to make sure the cars racing against each other are as equal as possible It is a noble if not futile pursuit You have two cars facing off that have very similar statistics in terms of weight transmission type fuel type estimated horsepower and all other sorts of measurables The byproduct is that often the races that were fair were not the races that the fans wanted to see During the golden age of drag racing fans didn t care as much about class racing as much as they wanted to see scores settled rivalries battled and interesting match ups There were the

manufacturer rivalries Ford versus Chevy Chevy versus Mopar Mopar versus Ford as well as numerous driver rivalries Match races were also a great way to feature wildly popular cars that no longer had a class in which to compete yet the fans still wanted to see them So popular and intense were these races that many track promoters didn't bother to promote class racing at all Instead they used the match races as headliners similar to the marquee at your local arena or a billboard in Las Vegas all resulting in putting more fans in the stands And the drivers loved it too Although the prize money for national events was fairly average for the day the extra appearance fees and prize money to lure the most popular match racers to events increased the driver's take exponentially Many of the most popular pro drivers quit class racing altogether just to go match racing Veteran drag race author Doug Boyce tells the tale of the history of match racing through the cars the drivers the events the classes the rivalries and everything else that was fun about match racing during the golden era It's all here complemented by wonderful vintage photography provided by fans and professionals in attendance If you are a fan of any class of drag racing from any era Match Race Mayhem is a fun addition to your racing library

Drag Racing in the 1960s Doug Boyce, 2021-03-15 The 1960s were a fascinating decade on the race scene Relive the memories today through this wonderful new book Drag racing has a long and storied history Many have said that the first drag race happened shortly after the second car was made While that may or may not be true racing prior to World War II was mostly centered around dry lake activities and top speed runs After the war drag racing became organized with the formation of the NHRA and during the 1950s many tracks were built across America to accommodate the racers Technology in the 1950s centered on the manufacturers updating old flathead designs into newer overhead valve designs and the horsepower race really started to heat up In many forms of racing the 1960s brought technological evolution The decade began with big engines in even bigger stock chassis and ended with purpose built race only chassis fiberglass bodies fuel injection nitro methane and blowers Quarter mile times that were in the 13 second range in the beginning of the decade were in the 7 second range by the end New classes were formed dedicated cars were built for them and many racers themselves became recognized names in the sports landscape In Drag Racing in the 60s The Evolution in Race Car Technology veteran author Doug Boyce takes you on a ride through the entire decade from a technological point of view rather than a results based one Covered are all the classes including Super Stocks Altered Wheelbase cars which led to Funny Cars Top Fuelers Gassers and more

Lost Drag Strips II Scotty Gosson, 2016-04-15 Fresh on the heels of the best selling book Lost Drag Strips comes a new look at other long lost and forgotten drag racing facilities from the 1950s 1960s and 1970s In the first volume the author examined the birth of drag racing and its subsequent popularity that invaded every city and community across America Unfortunately after the initial explosion of popularity it waned and various drag strips closed for a myriad of reasons Financial pressure for the real estate they occupied suburban sprawl and waning participation were all reasons for the change in fortunes for the small and even

not so small racetracks The first volume was great but readers demanded more Lost Drag Strips II picks up where the first volume left off covering even more tracks with archival photos of racing in the tracks heyday the cars that ran there and coverage of the tracks as they exist today This volume also includes some of the tracks that survived those that fought off the economic demons and the urban sprawl and continue to run today Tracks in this volume include Fort Wainwright Racing Lions Motorsports Park Avenue G Drag Strip Fremont Baylands Drag Strip San Fernando Drag Strip Fontana Drag City Inyokern Drag Strip Kahuku Air Strip Las Vegas Speedrome Continental Divide Raceways SRCA Drag Strip Southwest Raceway Willow Run Raceway Minnesota Dragways KCTA Drag Strip Detroit Dragway Niagara Airport Dragstrip New York National Speedway York US 30 Drag O Way South Mountain Raceway La Place Dragway Yellow River Drag Strip Thunderbolt Dragway and more
