Each Wild Idea Geoffrey Batchen, 2002-02-22 Essays on photography and the medium's history and evolving identity In *Each Wild Idea* Geoffrey Batchen explores a wide range of photographic subjects from the timing of the medium's invention to the various implications of cyberculture Along the way he reflects on contemporary art photography the role of the vernacular in photography's history and the Australianness of Australian photography The essays all focus on a consideration of specific photographs from a humble combination of baby photos and bronzed booties to a masterwork by Alfred Stieglitz Although Batchen views each photograph within the context of broader social and political forces he also engages its own distinctive formal attributes In short he sees photography as something that is simultaneously material and cultural In an effort to evoke the lived experience of history he frequently relies on sheer description as the mode of analysis insisting that we look right at rather than beyond the photograph being discussed A constant theme throughout the book is the question of photography's past present and future identity

The Wild Idea Club Lee T. Silber, Andrew Chapman, Linda Krall, 2009-01-01 Imagine a workplace where employees don't complain about problems but instead work together in idea generating clubs to present positive solutions The Wild Idea Club will help you get there there by providing managers with an easy step by step approach that harnesses the collective genius of their people to drive innovation improve efficiency and increase morale In tough times like these with managers facing increasing pressure to get more done with fewer people and less money encouraging employees to work together to tackle tough issues on their own is not a luxury but a survival tool

Appearances Matter Tim Allender, Inés Dussel, Ian Grosvenor, Karin Priem, 2021-09-07 The visual turn recovers new pasts With education as its theme this book seeks to present a body of reflections that questions a certain historicism and renovates historiographical debate about how to conceptualize and use images and artifacts in educational history in the process presenting new themes and methods for researchers Images are interrogated as part of regimes of the visible of a history of visual technologies and visual practices Considering the socio

material quality of the image the analysis moves away from the use of images as mere illustrations of written arguments and takes seriously the question of the life and death of artifacts that is their particular historicity Questioning the visual and material evidence in this way means considering how when and in which regime of the visible it has come to be considered as a source and what this means for the questions contemporary researchers might ask *Christmas Books* Charles
