**Chinese Economic Diplomacy** Shuxiu Zhang, 2016-07-01 Economic diplomacy was declared in 2013 by Beijing as a priority in its comprehensive strategy for diplomacy. The political elite undertook to further invest in economic diplomacy as an instrument for economic growth and development. Globally, Chinese cooperation in multilateral economic processes has become critical to achieving meaningful outcomes. However, little understanding exists in current literature on the factors and mechanisms which shape the processes behind China's economic diplomacy decision making. *Chinese Economic Diplomacy* provides an understanding of the processes and practices of China's economic diplomacy with multilateral economic negotiations as the primary basis of analysis, specifically the UN climate change talks and the WTO Doha Round trade negotiations. It examines how early economic diplomacy in global governance contributed to the varied and evolving nature of its present day decision making structures and processes. Demonstrating how China's negotiation preferences are driven by networks of political actors in formal and informal domestic and systemic environments, it also highlights the capacity of international negotiation practices to alter and re-shape China's approach to multilateral economic negotiations. As a consequence, the book presents a framework for understanding China's economic diplomacy decision making processes that is systemically constructed by domestic and international agencies. Offering a Chinese perspective of the notion of economic diplomacy, this book will be of interest to students and scholars of Chinese Economics, International Relations and Political Economy.

***Modernism in Late-Mao China*** Ke Song, 2023-04-28 This book investigates the architectural history of China in the Mao era 1949-1976, focusing on the rise of modernism in the last seven years of the Cultural Revolution from 1969 to 1976. It highlights the new architecture of this period exemplified by three clusters of buildings for foreign affairs: namely buildings for foreign diplomacy in Beijing, buildings for foreign trade in Guangzhou, and China's foreign aid projects overseas. The emergence of new architecture in the early 1970s is closely associated with China's political and diplomatic shift of the time from a radical emphasis on ideological struggle to a dynamic balance between leftist ideology and pragmatic concerns. In this context, China's relations with the West quickly improved, culminating with American president Richard Nixon's visit to China in 1972. The increasing foreign affairs brought new opportunities to Chinese architects who referenced both Western modernism and Chinese architectural traditions to create a new version of Chinese modernism. The book brings dimensions of form, politics, and knowledge to the analysis of architecture to construct an understanding of architectural design as an aesthetic, political, and intellectual practice. *Modernism in Late Mao China* will be an enriching and useful reference for students and scholars who are interested in the global architectural history of the twentieth century, especially Cold War modernism.

***Gender in Germany and Beyond*** Jennifer V. Evans, Shelley E. Rose, 2023-05-12 Jean Quataert redefined the boundaries of at least five historical fields including European socialism, women's history, and gender history, and international law and human rights. In this volume dedicated to her pioneering work established and emerging scholars

showcase the signature ways in which Quataert as one of the discipline's first women's historians has influenced how subsequent generations think about history writing as a form of intellectual activism

**Gender in Germany and Beyond** presents cutting edge historiographical commentary alongside new work which address subjects such as the history of German colonialism and women's colonial leagues human rights advocacy during the Cold War and the complexities of turn of the century gay and lesbian rights organizing

***Budapest's Children*** Friederike Kind-Kovács, 2022-07-05 In the aftermath of World War I international organizations descended upon the destitute children living in the rubble of Budapest and the city became a testing ground for how the West would handle the most vulnerable residents of a former enemy state *Budapest's Children* reconstructs how Budapest turned into a laboratory of transnational humanitarian intervention Friederike Kind Kovács explores the ways in which migration hunger and destitution affected children's lives casting light on children's particular vulnerability in times of distress Drawing on extensive archival research Kind Kovács reveals how Budapest's children as iconic victims of the war's aftermath were used to mobilize humanitarian sentiments and practices throughout Europe and the United States With this research *Budapest's Children* investigates the dynamic interplay between local Hungarian organizations international humanitarian donors and the child relief recipients In tracing transnational relief encounters *Budapest's Children* reveals how intertwined postwar internationalism and nationalism were and how child relief reinforced revisionist claims and global inequalities that still reverberate today

**Foreign Labor in Nazi Germany** Edward L. Homze, 2015-12-08 During World War II Germany recruited over eight million foreign laborers from her allies the neutral countries and the occupied territories This book describes the inception organization and administration of the Nazi foreign labor program and its relationship to the over all economy and government Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**War, Work, and Want** Randall Hansen, 2023-08-29 In *War Work and Want* Randall Hansen focuses on how the oil shock transformed not just the economy proper and the geopolitics of the Middle East region but also the global circulation of people and capital for decades afterward Hansen asks why against all expectations global migration tripled after 1970 Arguing that the OPEC oil crisis explains everything he shows how war migration and the desire for ever cheaper products made by migrants led to a massive upsurge in global migration after 1973

**Staging Authority** Eva Giloi, Martin Kohlrausch, Heikki Lempa, Heidi Mehrkens, Philipp Nielsen, Kevin Rogan, 2022-10-24 *Staging Authority* Presentation and Power in Nineteenth Century Europe is a comprehensive handbook on how the presentation embodiment and performance of authority changed in the long nineteenth century It focuses on the diversification of authority what new forms and

expressions of authority arose in that critical century how traditional authority figures responded and adapted to those changes and how the public increasingly participated in constructing and validating authority It pays particular attention to how spaces were transformed to offer new possibilities for the presentation of authority and how the mediatization of presence affected traditional authority The handbook's fourteen chapters draw on innovative methodologies in cultural history and the aligned fields of the history of emotions urban geography persona studies gender studies media studies and sound studies Catalog of the Foreign Relations Library Foreign Relations Library, 1969 **America, Germany, and the Future of Europe** Gregory F. Treverton, 1993 Gregory Treverton reviews the significant episodes in Europe's history after World War II emphasizing America's preoccupation with Europe and the decisive effect of U.S. foreign policy on European security and economic arrangements during the postwar years Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Currency Wars with China and Japan in Western Newsmagazines** Damien Ng, 2022-02-27 This book explores China's currency wars with its trading partners in four Western newsmagazines Time The Economist L Express and Der Spiegel Based on both quantitative and qualitative approaches the interdisciplinary approach adopted in the research draws on two analytical frameworks from the realm of critical discourse analysis van Leeuwen's socio semantic inventory of social actor representation and van Dijk's concepts of macro rules as the overarching approaches to understand the changing dynamics of international relations and the global economy through Western media The sample in this study consists of 160 texts half of which are focused on China and the other half on Japan across a period of 12 months in 2010 China and in 1987 Japan Through the comparison of Western representation between China and Japan the similarities and differences in their coverage have been revealed as even more striking with regards to global politics and the international economy The findings obtained from the empirical research have revealed that China was not only reported more unfavourably than Japan in terms of depth but also across a broader range of areas spanning economics politics and military affairs It has also emerged that all the four Western newsmagazines tended to centre their coverage on the US and China in 2010 and the US and Japan in 1987 although they did not speak in one collective voice with regard to their coverage of China and Japan

*Preserving the Legacy of German Jewry* Christhard Hoffmann, 2005 Imperial Germany and a World Without War Roger Chickering, 2015-03-08 This book provides the first thorough examination of the peace movement in pre World War I Germany concentrating on the factors in German politics and society that account for the movement's weakness The author draws on a wide range of documents to survey the history organization and ideologies of the peace groups placing them in

their social and political context Working through schools churches the press political parties and other opinion forming groups the German peace movement attempted systematically to promote the idea that the world's nations composed a harmonious community in which law was the proper means for resolving disputes Except for small pockets of support however the movement met only resistance resistance greater the author contends than elsewhere in the West Evaluating the reasons for hostility to the peace movement in Germany he concludes that dominant features of German political culture emphasized the inevitability of international conflict in the final analysis because Imperial Germany's ruling elites feared the domestic as well as the international implications of the movement's program Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905     Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1915     *The Library Journal* ,1999 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately     *The Volume Library* Henry Woldmar Ruoff,1911     **The German Diplomatic Service, 1871-1914** Lamar Cecil,2015-03-08 In this investigation of the German foreign office from 1871 to 1914 Lamar Cecil focuses on the people who conceived and executed German diplomacy rather than on diplomatic policies and stratagems The author analyzes the men and their careers isolating the characteristics common to the diplomats the reasons for their selection and the effect on their careers of various considerations of background personality and circumstance His findings are based in part on the papers of Prince Bismarck and his family The first part of the book discusses the criteria employed in choosing applicants and promoting senior diplomats The structure of the foreign office and the conditions of entry are examined in detail as is the association of the novice and more experienced individuals with the military element which after 1871 found increasing accommodation in all ranks of the diplomatic establishment The second part considers the problems with sovereigns chancellors and other bureaucrats encountered by members of the diplomatic service Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905     *The Volume Library* ,1911     *Poland Between East and West* Josef Korbel,2015-12-08 Though Russia and Germany were far apart in their principal goals their negative attitude toward the Europe of Versailles brought these two outcasts together Poland a

child of the Versailles Peace Treaty was a bar to the Soviet drive toward a revisionist policy Therefore in an atmosphere of mutual distrust and deceit Russia and Germany entered into an intricate series of negotiations designed to destroy Poland either by military action or by diplomatic pressure Josef Korbel traces the strange course of these negotiations basing his work on original documents such as the files of the German Foreign Office the personal papers of General von Seeckt documents of the Soviet government the Supreme Soviet and the Third International and on original Polish sources Originally published in 1963 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
