Project Sanctuary ,1999-11 Project Sanctuary is a training manual to allow the user to begin understanding and using Quantum Logic and to repair the conscious unconscious divide For most if not all endeavours at the far edge of human knowledge an innate understanding of Quantum Logic is essential This is systemic organic thinking which may involve computations of n complexity and this cannot be achieved with ordinary thinking the hard way Human beings are structurally designed to think in Quantum Logic but have been entrained

to a much slower harder and highly limited logic of four dimensional symbols and language thus causing a break between what we now call the conscious and the unconscious mind For anyone involved in learning about people psychology healing mathematics art creativity physics etc it is of the essence to firstly bridge the gap and allow insights derived from the Quantum Logic processes of the unconscious mind to be made available to the conscious mind once more and secondly to re train the conscious mind to be able to compute in Quantum logic also thereby reuniting dream and real This leads even at the beginning stages to a powerful increase in intuition ESP creativity and effectiveness in learning and understanding the complex systems of relationships of people and of their ecology Project Sanctuary achieves this reunification process by a simple and joyful communication within one person s mind in a stepped off reality dimension which gave the training process and the book its name Project Sanctuary the third edition contains both the original training process as well as a reaching addendum of practical and powerful patterns which were derived directly by using the Project Sanctuary process itself in order to generate these
