Dinosaur Heart Transplants Renewing Mainline Congregations:

Dinosaur Heart Transplants R. Robert Cueni, 2000 Many mainline churches make the mistake of thinking that in order to reverse decline they must become something that they are not Often that change of identity has to do with worship In a study funded by the Lilly Foundation Robert Cueni has interviewed pastors and members of dozens of large membership mainline churches that have turned around long standing patterns of stagnation or decline The common denominator he identified is that the leadership of these churches have found ways to incorporate the church's story and sense of identity into a new story of change and renewal They work with the strengths they find move away from the weaknesses and arrive at a newly thriving congregation In *Dinosaur Heart Transplants* Cueni shares the findings and conclusions from his groundbreaking study and demonstrates how even small and mid sized congregations can incorporate these patterns of renewal

Key Features Addresses a problem that is being faced in numerous ways by many churches today Applicable to mainline churches of all sizes Makes available in an accessible format the findings of a Lilly Foundation study

Key Benefits Readers will understand the factors that cause or characterize stagnating churches Readers will understand the outlook necessary to move churches that have reached a plateau into renewal Readers will understand how to crystallize a church's story and sense of identity Readers will learn how to incorporate that story and identify with a new story of change and renewal Readers will learn how to identify churches weaknesses and move away from them

Take the Next Step Lovett H. Weems Jr., 2011-07-01 Learn how to work for genuine and effective change in your church without trying to throw out everything that has gone before Pastors and other congregational leaders are eager to institute meaningful and effective change in their congregations They know that old attitudes and perspectives prevent the church from fulfilling its mission to make disciples of Jesus Christ Yet too often church advocates insist that if genuine change is to occur in the church then everything must change The board must be wiped clean and new technologies new worship styles and even new theologies must replace what has come before The problem with such calls for radical change says Lovett Weems Jr is that they are not true to the way that genuine and lasting change takes place Like every other organization churches rest on a cultural foundation of shared assumptions values and practices The paradox of successful change is that this foundation is at the same time the source of resistance to change and what makes change possible Lasting transformational change grows out of the congregation's current sense of its story and its mission Transformational leaders know how to build on the church's identity making new ministries and emphasizes the natural extension of what has gone before In other words they know how to make the story of change the next chapter in the book of the congregation's life rather than throwing the book away and trying to start over An astute student of management and leadership theory Weems offers congregational leaders essential insights into how they can work with and through their churches ministries to bring about authentic and faithful growth

Proverbs and the Formation of Character Bland Dave, 2016-11-24 *Proverbs and the Formation of Character* presses the

wisdom of Proverbs into active duty in the trenches of everyday life and puts the principles of character formation in working clothes The wisdom Proverbs describes is not designed to master life's challenges but to learn to manage them and adapt In learning to adapt individuals grow and mature spiritually Relying on solid biblical scholarship Dave Bland brings to the fore the neglected sentence literature in Proverbs 10:29 and the vital resources they contribute to the process of character formation Contrary to popular opinion the book of Proverbs even though addressed to youth is not a book solely for the young but for those of all ages who desire to continue to grow personally as well as in their relationship with others and God The wise in the book of Proverbs employ a plethora of resources to help train up young and old alike to grow into the character of God Among others these resources include the value of interacting with others a healthy understanding of conflict an appropriate perspective on wealth a new appreciation for and reliance on the role of the neglected proverb in the education process and the vital role of family and the faith community

Back Talk! Susan Willhauck, 2005 Willhauck has heard the church say to women Don't give me any back talk Too often she contends women have been told what to do in order to get ahead In American Book Publishing Record, 2000-07

Unfettered Spirit Robert D. Cornwall, 2013-06-21 All too frequently studies of the gifts of the Spirit consist largely of answering two questions What are the gifts and Which ones do I have In many cases studies go on to a third question How can I get more In response institutional churches and theologically and intellectually respectable Christians often tend to avoid the work of the Holy Spirit in the church entirely It's much easier to simply close the doors and windows than it is to deal with the wind John 3:8 After all they've seen the wind blow out the candles disarrange the altar vestments and send a chill through the congregants Author pastor and church historian Bob Cornwall has experienced all of this for himself He has seen traditional churches and worship He has seen Pentecostal worship He has led congregations in difficult times For more than 30 years he has studied practiced prayed and lived the work of the Holy Spirit in the church The result is *Unfettered Spirit* Spiritual Gifts for the New Great Awakening Here he avoids both the errors of replacing the freedom of the Spirit with human whim and of trying to tame or confine the Spirit that will not be fettered He asks Do you truly believe that God is present in the world And do you believe that God is working through us to break down the walls that divide us from God from each other and from the world And if you do do you believe that you have been gifted and empowered to participate in this ministry that takes down the walls of egoism suspicion greed self interest and hatred If you can say yes to these questions jump right in This is the book for you If you are hesitant or if the idea of the Holy Spirit working unfettered in your congregation and community frightens you read the first four chapters carefully as Bob lays the theological foundation You may find your maybe or even your no turned into a yes Building on this foundation Bob continues with five chapters on the gifts of the Spirit as described in Scripture These are practical discussions that will let you keep your bearings in discussions of the Spirit and more importantly in a community where the Spirit is active Finally he concludes with a discussion of how to lead and pastor a church where the gifts of the Spirit are

active Whether you are a Pentecostal an evangelical a mainliner a progressive or any other label you might find for yourself or your church you will profit from reading this book **Forthcoming Books** Rose Arny,2000 **Subject Guide to Books in Print** ,2001
