A history of disability in England Simon Jarrett, 2023-12-01 Throughout history numerous individuals with disabilities have had to pit themselves against huge obstacles placed in their way because of the type of person they were born as the type of person they became through accident illness or circumstances or the type of person they have been perceived as This book tells the story of how disabled people have done this how they have seen themselves how they have been perceived and treated by others and how they have influenced society People with disabilities have always been a part of English society and this concise thousand year history ranges from the surprisingly integrated communities of the medieval and early modern periods

to the institutionalisation of the 19th and 20th centuries Sometimes the history of disability is described as a hidden history This book argues that it is no such thing The history of people with disabilities is often in front of our eyes yet we frequently choose to ignore it or simply do not see it Accounts of daily life events art literature family histories and political debate have always featured people with disabilities who are there for all to see but too often observers particularly non disabled observers gaze straight past them *Physical Disability, a Psychosocial Approach* Beatrice Ann Wright, Beatrice Ann Posner Wright, 1983 **Physical Disability--a Psychological Approach** Beatrice Ann Posner Wright, 1960 The present volume is concerned with one segment of the relation between man and his physique namely the somatopsychological problem as seen in disablement Written for the practitioner in the field of rehabilitation especially for the professional in training the emphasis is on the kinds of social psychological situations that confront a person with an atypical physique and how he copes with them Factors within the person and factors attributable to the environment are considered in terms of how they aid psychological adjustment or on the negative side how they create difficulties The author cautions that many topics of importance to the problem of adjustment to disability do not appear within the pages of this volume the reasons for exclusion being varied Further there is no doubt that to some extent the contents of this volume have been shaped by preconceived notions However it should also be noted that such notions have been reshaped as the evidence of scientific investigation and considered opinion added to the perspective of the person as an active agent in meeting the impositions of a disability PsycINFO Database Record c 2004 APA all rights reserved *Journal of Disability Policy Studies* ,2003 Reports of cases in the Supreme Court of Nebraska ,1924 **Intersectionality in Feminist and Queer Movements** Elizabeth Evans, Eléonore Lépinard, 2019-11-26 Examining the ways in which feminist and queer activists confront privilege through the use of intersectionality this edited collection presents empirical case studies from around the world to consider how intersectionality has been taken up or indeed contested by activists in order to expose and resist privilege The volume sets out three key ways in which intersectionality operates within feminist and queer movements it is used as a collective identity as a strategy for forming coalitions and as a repertoire for inclusivity The case studies presented in this book then evaluate the extent to which some or all of these types of intersectional activism are used to confront manifestations of privilege Drawing upon a wide range of cases from across time and space this volume explores the difficulties with which activists often grapple when it comes to translating the desire for intersectionality into a praxis which confronts privilege Addressing inter related and politically relevant questions concerning how we apply and theorise intersectionality in our studies of feminist and queer movements this timely edited collection will be of interest to students and scholars from across the social sciences and humanities with an interest in gender and feminism LGBT and queer studies and social movement studies **West's Louisiana Statutes Annotated: Revised statutes** Louisiana, 1996 Disability Studies Quarterly ,1997 **Reports of Cases Decided Between ... and ... in the Supreme Court of Nebraska** Nebraska.
