*Foreign Fighters* David Malet, 2013-05-23 In conflict zones around the world the phenomenon of foreign insurgents fighting on behalf of local rebel groups is a common occurrence They have been an increasing source of concern because they engage in deadlier attacks than local fighters do They also violate international laws and norms of citizenship And because of their zeal their adversaries often the most powerful countries in the world are frequently incapable of deterring them Foreign Fighters have made headlines in recent wars in Afghanistan Iraq and Syria and the term is widely equated with militant Islamists However foreign fighters are not a new phenomenon Throughout modern history outside combatants have fought on behalf of causes ranging from international communism to aggrieved ethnic groups Analyzing the long history of foreign fighters in the modern era helps us understand why they join insurgencies what drives their behavior and what policymakers can do in response In *Foreign Fighters* David Malet examines how insurgencies recruit individuals from abroad who would seem to have no direct connection to a distant war Remarkably the same recruiting strategies have been employed successfully in all foreign fighter cases regardless of the particular circumstances of a conflict Malet also catalogues foreign fighters in civil wars over the past two centuries providing data indicating that they are disproportionately successful and growing in number Detailed case histories constructed from archival material and original interviews demonstrate the same recruitment patterns in highly diverse conflicts including the Texas Revolution the Spanish Civil War the Israeli War of Independence and the Afghanistan War The results show that foreign fighters from Davy Crockett to George Orwell to Osama bin Laden create and respond to strategically crafted appeals to defend transnational communities under dire threat

two centuries providing data indicating that they are disproportionately successful and growing in number Detailed case histories constructed from archival material and original interviews demonstrate the same recruitment patterns in highly diverse conflicts including the Texas Revolution the Spanish Civil War the Israeli War of Independence and the Afghanistan War The results show that foreign fighters from Davy Crockett to George Orwell to Osama bin Laden create and respond to strategically crafted appeals to defend transnational communities under dire threat

**Foreign Fighters**, 2013 Foreign Fighters is the comprehensive study of foreign fighters examines patterns of recruitment using original data sets and detailed diverse case studies and how recruiters use frames of existential threat to strengthen rebel groups

Kosovar Foreign Fighters: From Ideology to Radicalization and Back to Human Rights Violations Rozana Baci, 2017-02-22 Diploma Thesis from the year 2016 in the subject Politics Topic Public International Law and Human Rights grade 8 University of Sarajevo ERMA language English abstract The Independence was followed by a new shift in Albanian Kosovar s ideology Once the national agenda had been achieved the created sociopolitical gap was rapidly filled with a new religious ideology Kosovar foreign fighters became a hot topic in fighting back the radicalization in Kosovo Many citizens were arrested and brought before the Courts on suspicions related to terrorism These prosecutions in fighting back foreign fighters brought distortions and violations of the foreign fighters human rights The cases analyzed in this study do speak about the violation of the presumption of innocence the right to a fair and other procedural rights violations The overall situation on the issue of fighting back the Kosovar foreign fighters and extremist radicalization within Kosovo speaks of a lack of competencies by the Kosovar authorities No matter what an individual is accused of the presumption of innocence and the right to a fair trial should always prevail It is up to the Kosovar authorities in the first place to show the good practice that such fundamental principles and rights are not only envisaged but embedded in daily proceedings

**Balkan Fighters in the Syrian War** Tanja Dramac Jiries, 2021-09-14 This book analyses the process of the recruitment of foreign fighters from the Western Balkans specifically Bosnia and Herzegovina and Kosovo to Syria and Iraq from 2012 to 2015 Utilizing in depth semi structured interviews with foreign fighters and their families as well as a number of relevant stakeholders it answers the question of what were the processes and circumstances leading up to the departure of foreign fighters from Bosnia and Herzegovina and Kosovo and what informed their agency The author draws on the theories of social movement approaches more specifically contentious politics literature and utilizes the specific concepts of triggering mechanisms which refer to the enabling circumstances that make the radicalization and departure possible and pleasure in agency to elaborate on individual motivation The book also shows how a wider state fragility within the context of the post Yugoslav wars and the transitional period that never ended aided radicalization and how an incomplete process of post war transition can fuel the process of political and religious radicalization creating a wider enabling web for recruitment It will be of interest to students and scholars of Southeast European politics and foreign policy post war democratic transition security policy and radicalization

Conflict in the Modern Middle East Jonathan K. Zartman, 2020-03-19 This book provides detailed coverage of all the key conflict related developments since the Arab Spring a seminal event that began in December 2010 and continues to have major influence on events in the Middle East North Africa and beyond This important reference offers readers a thorough understanding of the nature of the various conflicts that have erupted in the Middle East and North Africa following the Arab Spring Clear and concise explanations of important concepts related to Islam ideology and ethnicity and the economic social and cultural forces propelling conflict and revolution in the region will enable readers to gain insight into key developments there Biographical and organizational profiles combined with succinct overviews of each country provide a strong research foundation for students The book offers detailed descriptions of the minority groups that have suffered violence from both the countries and the societies around them sometimes generating refugee flows that engage neighboring states in security issues It also discusses the role of women in the region during these turbulent times Primary source documents and a chronology highlight political struggles to reach durable agreements and develop institutions to meet basic human needs in the modern Middle East

The Security Dimensions of the Syrian Civil War Serhat Ahmet Erkmen, Mehmet Emin Erendor, 2024-12-16 Syria's bloody civil war has plunged the cradle of the Levant into a painful spiral of violence This spiral of violence has caused profound social political economic and strategic changes in Syria But the effects of the civil war are not limited to Syria The civil war in Syria has become a direct problem not only for Syria but also for Turkey Iraq Lebanon and Jordan However most observers agree that

of all Syria's neighbors, Turkey has been the most affected by the civil war. When one thinks of Turkey and Syria together in recent years, two concepts come to mind most often: Military operations and migration. However, conflicts in Syria have been perceived in a broader security paradigm in Turkey. The main topics of the book can be summarized as follows: Border issues, sovereignty disputes, alliances and military interventions in Turkey, Syria relations, The effects of the civil war in Syria on Turkey's foreign policy, economy, social structure and internal security, Reflections of the civil war on Turkey's relations with Iran, the US and Russia, Increasing separatist and radical Salafist terrorism in Turkey in line with the spillover effect of civil wars, Cross border operations and Turkey's military capacity, The problem of migration. Within the framework of the topics addressed, the book provides a comprehensive reading of the security problems caused by the Syrian Civil War on Turkey. We believe that this book will shed light on why Turkey perceives what is happening in Syria from a security perspective. In fact, the main idea of the book is simple: Syria has been a security issue for Turkey since the 1930s and it is still a security issue now. After approximately 100 years, the main idea has not changed. The only thing that has changed is how security is defined.

**University of British Columbia Law Review** University of British Columbia, 2015 *Retour des combattants terroristes étrangers. Quels enjeux sécuritaires existent pour la paix et la stabilité mondiale?* Jean Cédric Obame Emane, 2020-08-18 Etude Scientifique de l'année 2020 dans le domaine Politique Sujet Paix et Conflits Sécurité Atlantique International University cours Contre terrorisme langue française résumé Le phénomène de combattants terroristes étrangers fait l'une des journaux du fait de la brutalité des actes de violence que commettent ces acteurs non nationaux. Ces combattants sont des acteurs qui participent à un conflit civil, alors qu'ils ne sont pas originaires ou citoyens du pays où ils vont s'engager au combat. Le phénomène est apparu en 2011 lorsque plusieurs opposants au régime de Bashar Al Assad ont pris les armes avec l'intention de renverser son régime. Damas et celui de faire tomber le gouvernement irakien. Ces combattants terroristes s'engagent au côté des organisations comme l'Etat Islamique. La grande préoccupation est de savoir si ces combattants représentent une menace à la paix et la stabilité une fois de retour dans leur pays d'origine. En clair, engagent-ils nécessairement une campagne de violence? Existe-il un moyen de contrôler l'extrémisme violent découlant de leur retour? Une approche de réintégration peut-elle être envisageable au retour de ces combattants? *South Asia Bulletin*, 2008 **Understanding Terrorism in Africa** F. Wafula Okumu, Anneli Botha, 2007 *Yearbook of International Organizations 2014-2015 (Volume 4)* Union Of International Associations, Union of International Associations, 2014-09-17 The Yearbook of International Organizations provides the most extensive coverage of non-profit international organizations currently available.
