# Forgotten Scriptures The Selection And Rejection Of Early Religious Writings

**Lee Martin McDonald**

## **Forgotten Scriptures The Selection And Rejection Of Early Religious Writings:**

*Forgotten Scriptures* Lee Martin McDonald, 2009-01-01 The early Christian church had a variety of Scriptures and other source material that informed their faith and shaped their thinking But after a few centuries the church decided to keep the twenty seven books of our present New Testament and to treat them as a canonical in faith and practice But what of the other books Many of them have survived and remain valuable for understanding the diversity of the early Christian church and the astounding claims of faith on which it was founded Learning about these ancient documents need not threaten the church s current orthodoxy and authority in fact learning about these texts can help today s Christians form a deeper understanding of the early church

**Ancient Jewish and Christian Scriptures** John J. Collins, Craig A. Evans, Lee Martin McDonald, 2020-08-25 Ancient Jewish and Christian Scriptures examines the writings included in and excluded from the Jewish and Christian canons of Scripture and explores the social settings in which some of this literature was viewed as authoritative and some was viewed either as uninspired or as heretical John J Collins Craig A Evans and Lee Martin McDonald examine how those noncanonical writings demonstrate the historical literary and religious aspects of the culture that gave rise to the writings They also show how literature excluded from the Jewish and Christian canons of Scripture remains valuable today for understanding the questions and conflicts that early Jewish and Christian faith communities faced Through this discussion contemporary readers acquire a broader understanding of biblical Scripture and of Jewish and Christian faith inspired by Scripture

The Origin of the Bible: A Guide For the Perplexed Lee Martin McDonald, 2011-02-17 Just how did the Jewish and Christian Bibles come together Why were some ancient texts excluded Or included and later rejected What were the criteria This volume deals with a significant issue in light of the many and significant discoveries of ancient sacred or religious texts that were not included in the Jewish or Christian Bibles Because of the focus in the news media in recent years on those extra canonical books that have come to light in the last century and even more recently there is need for clarification of the processes involved in the formation of the Jewish and Christian Bibles Why were some books included and others excluded Why were some included initially and subsequently rejected Was there a church cover up as some in the media have suggested As a result of all of this and more considerable attention is now focused on the use and function of the so called non canonical religious texts that are not now a part of the Bibles of various religious communities Why did the Bible come together What criteria were used in making decisions about inclusion and exclusion The proposed volume addresses these questions and others that are critical to a careful understanding of the Jewish and Christian Bibles The methodology employed in the writing of this book is described below It is important to take this discussion outside of the scholars guild and into the hands of the laity especially those educated college graduates and undergraduates whose interest in this subject has grown over the past twenty or more years Currently there are no useful volumes on this subject that is geared to them Scholars continue to talk past them and all too often only to each other about these matters This volume is

designed to fill this void and make the topic more clear for those without the technical academic skills to explore these matters in the ancient languages

Continuum's Guides for the Perplexed are clear concise and accessible introductions to thinkers writers and subjects that students and readers can find especially challenging or indeed downright bewildering

Concentrating specifically on what it is that makes the subject difficult to grasp these books explain and explore key themes and ideas guiding the reader towards a thorough understanding of demanding material

Earliest Christianity within the Boundaries of Judaism Alan Avery-Peck, Craig A. Evans, Jacob Neusner, 2016-02-02 Twenty two essays written by top scholars in the fields of early Christianity and Judaism focus on methodological issues earliest Christianity in its Judaic setting Gospel studies and history and meaning in later Christianity These essays honor Bruce Chilton recognizing his seminal contribution to the study of earliest Christianity in its Judaic setting Chilton's scholarship has established innovative approaches to reconstructing the life of Jesus a Jew whose religious ideology developed and therefore must be understood within the Judaism of the first centuries Following upon Chilton's approaches and insights the essays collected here illustrate the centrality of the literatures of early Judaism to the critical exegesis of the New Testament and other writings of early Christianity

**The Formation of the Biblical Canon: Volume 2** Lee Martin McDonald, 2017-01-26 Lee Martin McDonald provides a magisterial overview of the development of the biblical canon the emergence of the list of individual texts that constitutes the Christian bible In these two volumes in sum more than double the length of his previous works McDonald presents his most in depth overview to date McDonald shows students and researchers how the list of texts that constitute the bible was once far more fluid than it is today and guides readers through the minefield of different texts different versions and the different lists of texts considered canonical that abounded in antiquity Questions of the origin and transmission of texts are introduced as well as consideration of innovations in the presentation of texts collections of documents archaeological finds and Church councils In the first volume McDonald reexamines issues of canon formation once considered settled and sets the range of texts that make up the Hebrew Bible or Old Testament in their broader context Each individual text is discussed as are the cultural political and historical situations surrounding them This second volume considers the New Testament and the range of so called apocryphal gospels that were written in early centuries and used by many Christian groups before the canon was closed Also included are comprehensive appendices which show various canon lists for both Old and New Testaments and for the bible as a whole

**The Cradle of Christianity: Judaism, Jesus, and the New Testament**, 2024-11-25 This major collection of essays by senior colleagues and friends of Craig A Evans recognizes his contribution to the field of biblical studies by concentrating upon his areas of research and writing interest These include the emergence and characteristics of early Judaism Jesus and the apostolic tradition and a variety of other supporting areas in New Testament studies These essays include both focused studies and challenging theoretical explorations

**Canon Revisited** Michael J. Kruger, 2012-04-30 Given the popular level conversations on phenomena like

the Gospel of Thomas and Bart Ehrman's Misquoting Jesus as well as the current gap in evangelical scholarship on the origins of the New Testament Michael Kruger's Canon Revisited meets a significant need for an up to date work on canon by addressing recent developments in the field He presents an academically rigorous yet accessible study of the New Testament canon that looks deeper than the traditional surveys of councils and creeds mining the text itself for direction in understanding what the original authors and audiences believed the canon to be Canon Revisited provides an evangelical introduction to the New Testament canon that can be used in seminary and college classrooms and read by pastors and educated lay leaders alike In contrast to the prior volumes on canon this volume distinguishes itself by placing a substantial focus on the theology of canon as the context within which the historical evidence is evaluated and assessed Rather than simply discussing the history of canon rehashing the Patristic data yet again Kruger develops a strong theological framework for affirming and authenticating the canon as authoritative In effect this work successfully unites both the theology and the historical development of the canon ultimately serving as a practical defense for the authority of the New Testament books

*Outlook*, 1926     *The Outlook* Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1926  
The Independent, 1887     *Ugarit-Forschungen*, 1969     **Troublesome Texts** Rasiah S. Sugirtharajah, 2008 The nine substantial essays in this volume deal with three wide ranging though interconnected issues the perceived status and standing of the Bible today aspects of the current state of biblical studies especially the uneasy tension between the increasingly esoteric agenda of mainstream scholarship and the hermeneutical concerns of those occupied with marginal readings the significance of postcolonial scholarship and pointers for its future at a time when empire has once again become a reality and a global subject of debate Among the essays here are an examination of Victorian reconstructions of the life of Jesus and of the Buddha and how these discourses were moulded and motivated by orientalism colonialism race and issues of British national identity the complexities of the use of the Bible in Sri Lanka war torn and beset with communal strife when the Bible itself is rife with vengeance and punishment the political and hermeneutical ramifications of the Asian tsunami and the use of natural disasters for decolonization and recolonization imperial intentions and a postcolonial sub text evident in the Johannine letters the fortunes of the English Bible as its promoters struggle to uphold its credibility in a market driven culture suicide bombing and asylum seeking All of these are issues of global significance and concern but they are hardly ever addressed by biblical scholars The essays contain both theoretical discussion and practical questions as to the usefulness of the Bible at a time when its contested role has been complicated by its tainted association with oppressive causes     **A biblical cyclopaedia, or, Dictionary of Eastern antiquities, geography, natural history, sacred annals and biography, theology and biblical literature, illustrative of the Old and New Testaments** John Eadie, 1901     *The American Mercury*, 1926     **The New York Times Book Review**, 1969     *Suggestive Thoughts on Religious Subjects*, 1881     *New Outlook*, 1926     Journal of Biblical Literature, 1972     **The Works of William Paley, D.D., Archdeacon**

**of Carlisle** William Paley, 1850

**The Christian Leader** , 1933
